in virtually any file format, including MKV,
MP4, AVI, MPEG-4, MOV and more.
Enjoy media stored on a USB or network
storage device and any computer on
your network. Plus, stream the latest
online entertainment.

WD TV Media Player

Product Features

All your media, on your big screen

Enjoy your entire digital media collection on your TV in brilliant 1080p resolution and crystal-clear sound.

You have it, we'll play it

WD TV supports a wide variety of the most popular file formats, so you get the freedom to enjoy all your media on any TV.

Enjoy media from any source

Play videos, music and photos stored on USB and network storage devices, such as a My Passport® Ultra™ or My Cloud™, and any computer on your network.

Get the best entertainment on your TV

Stream hit movies, view the latest viral videos, catch up on shows, stay connected to your social network and watch highlights from the biggest games of the season.

Turn your smartphone or tablet into a remote control

Control your WD TV with the tap of a soft key or swipe of a finger using the WD TV Remote™ app. Great for text input. Download the app from the Apple® iTunes® store or Google Play™.

Share it all on your TV with Miracast™

Pair a Miracast-enabled Android™ mobile device with your WD TV and you can share exactly what's on your small screen on your big screen TV.

Your shows on any TV, at home or away

Use SlingPlayer® to watch your favorite live and recorded shows in any corner of your house or on any TV when you travel — just connect a Slingbox® to your home set-top box.

Easily connect to your entertainment

Connect to your high-speed Internet connection wirelessly, no PC required. Or, use the Ethernet port to connect to your wired home network.

A home screen made just for you

Customize your WD TV by adding shortcuts to your personal folders for quick access to your media collection. Plus, prioritize all your favorite online services on your home screen.

Media formats

AVI (Xvid, AVC, MPEG1/2/4), MPG/MPEG, VOB, MKV (h.264, x.264, AVC, MPEG1/2/4, VC-1), TS/TP/M2T (MPEG1/2/4, AVC, VC-1), MP4/MOV (MPEG4, h.264), M2TS, WMV9 and FLV (h.264)
